

# SAIM AHMED SEJAN

**NETWORK ENGINEER** 

#### Networking

- Technical Networking Knowledge: Deep understanding of IP addressing, subnetting, routing protocols (e.g., OSPF, BGP), switching (e.g., VLANs, STP), and load balancing.
- Hardware Proficiency: Expertise in configuring and troubleshooting network devices like routers, switches, firewalls, and access points (e.g., Cisco, Juniper, Mikrotik).
- Knowledge of Standards and Protocols: Familiarity with industry standards like IEEE, IETF, and protocols such as TCP/IP, DNS, DHCP, and HTTP/HTTPS.

#### **Programming**

• Understanding Syntax: Knowing the rules and structure of a programming language like Python, Java, or C++.

#### Design

- Creativity: The ability to think outside the box and come up with original ideas and concepts.
- Technical Proficiency: Tools (Adobe Creative Suite, Sketch, Figma, AutoCAD) to bring ideas to life.

#### EDUCATION

### Rumdo Institute of Modern Technology

Computer Science and Technology 2020-2024

#### Amtola High School

Secondary School Certificate 2015-2020

## LANGUAGE
